Welcome to GETNÖ LAKE ÅSNEN RESORT

We are happy and proud to welcome you to Getnö Gård, a nature paradise dating back to the Viking era. The Olsson family have turned this private nature reserve into a true paradise: Lake Åsnen Resort.

We have a cooperation with Åsnen National Park, which is located directly northwest of us. Getnö is the southern way into the National Park, which you can easily reach by boat, canoe or kayak. We offer different types of guided Tours together with "ÅsnenGuiderna": such as fishing for pike and zander, mushroom picking, nature school, storytelling, osprey safaris and guided boat tours into Åsnens National Park. We only take small groups with local guide for a more genuine experience and minimum disturbance on nature.

The nature around lake Åsnen is unique with over 1000 islands and famous fishing waters, a true "Eldorado" for nature lovers, birdwatchers, fishermen, canoers/kayakers, cyclists and hikers. We have nature for real, silence and lots of space for our wildlife. You can discover "Åsnen Big Five" and even see moose swim between the islands.

If it is a combination of stimulating outdoor activity and tranquility you are after, Getnö is the place for you – and we are delighted to have you as our guest!

My natureparadise

O nature, I love thee wherever thou be, thy forests and lakes so close to my heart. I joyfully watch the sun rise and set, the plants sprout forth and the corn ripen. But especially I love thee, O Småland, when your beauty spreads far afield as here, As thou lacks not in glory and virtue, and thine hill' speak in memory of honour, Fortune resides here on the shores of Lake Åsnen, at Getnö, a blessed part of mine own mother country.

The Olsson Family, Getnö Gård
